VOLUME TWENTY-EIGHT, No. 45 UPLAND, SAN BERNARDINO COUNTY, CALIFORNIA FRIDAY, OCTOBER 20, 1922 \$3.50 PER YEAR

Just a Little of This & That
By W. E. W.

The Best for the Least
When we obtain the best for the least we usually congratulate ourselves, but in some cases obtaining the best for the least should make us blush for the very humiliation of it. San Bernardino County has one of the best sheriffs in the state, and he works for the least remuneration of any sheriff in the state. During the recent shopmen's strike there was evidently but one county official to whom the people of this county looked with confidence to maintain law and order, and that official was Sheriff Walter Shay. Sheriff Shay has maintained law and order to the best of his ability and has demonstrated once again that taxpayers may depend on him to make San Bernardino County a safe place in which to live, raise one's children and educate them for the better things of life.

Sheriff Shay receives the paltry sum of \$2400 a year, while other sheriffs in Southern California receive from \$3000 to \$8000. Sheriff Shay receiving the lowest salary of any sheriff in the state. On the November ballot is Proposition No. 35, which gives to Sheriff Shay an increase in salary, and voters should consider that proposition seriously.

The idea of an increase for the sheriff was not inaugurated by Sheriff Shay, but rather by his many friends, who realize that his salary is so far out of proportion to the service he renders that it is embarrassing when the amount paid him per year is mentioned. Let us show Sheriff Shay that we appreciate him and his excellent conduct of the office.

'Twas the Democrats
T. R. Woodbridge received a paper from Salt Lake City the other day which had been forwarded from Colorado to him there, and thence to Upland. The paper had been on the way since 1912. T. R. says the Democratic administration lost it and the Republicans dug it up.

Word Received from Cass Reed

CLAREMONT, Oct. 16.—Two letters, one from Cass Reed, dean of the International College in Smyrna, and the other quoting from a letter from Dr. McLachlan, president of the college, who is on the island of Malta recovering from a beating he received at the hands of the Turks, came this morning to President Blaisdell. Both mention the work of Raymond Moremen, who graduated in 1921 and went out to teach in the college, sent by the "Pomona in Smyrna" fund.

Dr. McLachlan says:
"Mr. Moremen, who was placed to represent the college for the time being at least in the oversight of the orphanage at Boudjah, turned over to the College by M. Stereades by a signed agreement with him and me, had stood alone by his charge under very trying conditions for the previous nine or ten days, decided he would stay on and see his job through until he was forcibly ejected (a most improbable contingency). Moremen has certainly played the man. Am proud to have such a man on our staff."

Cass Reed, Pomona 1906, writes from the U. S. Litchfield in San Antonio. He says:
"My dear President Blaisdell: Just a line to say that Ray Moremen has been trained the man in true Pomona spirit."

"Two weeks ago the college took over the protection of a large orphanage established in a splendid property presented to the college by M. Ventzelos, former Greek Premier, and under the patronage of the Greek high commissioner, M. Stereades.

"Ray was put in charge with no American guard communication with the rest of us. He carried on with calm, happy, quiet smile and made a little heaven for his 200 children while war and looting raged around. Now he is with me, taking his 'family' all safe and well, swelled by some of our students and friends and eighty-eight other orphans to Saloniki on this fast little destroyer. I plan to return at once, but Ray will stay on for a few days to see that the youngsters are properly looked after. I have been proud indeed of him, as have we all in these days."

"We have all had a very trying time and while expatriating the thousands is a great problem, we can do little else. At the College, which has been a haven to many, all was well and we fear no further trouble. But there is much to do, so I go back on the same destroyer, having come over to make arrangements for relief, etc."

"I am sure the Pomona in Smyrna movement will stand loyally behind us here. It is heart-rending to be appealed to all day long by people who, but for you, are hopeless and helpless. Our greetings to Pomona, whose thoughts and prayers we know are with us."

"Hastily and sincerely,
"CASS REED."

DISTRICT ATTORNEY ALFORD AND HULING CONTINUE FIGHT

CANDIDATE MAKES A STATEMENT TO COUNTY VOTERS

With the approach of election day voters are again interested in things political, and one of the foremost contests in this county will be over the district attorney's office. Geo. H. Johnson, who is a candidate, recently issued a statement to the voters of the county as to the manner in which he proposes to conduct the office if elected. His statement is as follows:

To the Voters of San Bernardino County:

The office of District Attorney is now non-partisan under the law and although I am a Republican I therefore do not have the support of any organization in my campaign for this office, neither do I have the support of any particular faction or clique of our citizens. It is impossible to personally interview all of the voters and I therefore take this method of presenting my candidacy and some of the important matters arising in this campaign.

If elected District Attorney, my first duty and responsibility will be to attend to the duties of the office, and it will be my desire to secure the very best assistants and deputies available in order to have all of the work of the office properly handled. The District Attorney, it seems to me, should be an officer who realizes the duty and responsibility which are his, and he should have the vigor and determination to perform his duty at all times. He should, above all, be free from fear or favor. He should avoid the attempts of those who would use the office to satisfy their personal vengeance or for their own selfish purposes. Withal, he should be ready and willing to enforce the law just as they stand, bearing in mind that the dignity and the peace of the people of the county and the will of the majority of the people as it has been expressed are his to uphold.

The duties of the District Attorney in addition to the prosecution of those who are charged with crime, require him and his staff of deputies and assistants to handle civil cases for the county, to advise with and to give counsel to the Board of Supervisors, and to all officers and departments of the county, including the justices and constables of each township, and the officers of each school district. In order to properly attend to all these duties, it would seem only fair to the taxpayers of the county for the District Attorney to devote his entire time to the duties of the office, unless he found that he could also follow the private practice of law without interfering with his duties as District Attorney. We find, however, that our present District Attorney appears from time to time as the attorney in some private matter or litigation, which would indicate that he has sufficient time on his hands after giving such attention as he cares to give to his official duties. Nevertheless, and in spite of the fact that he has time to handle private practice, it has been represented that there is too much work to be attended to and an extra deputy has recently been employed by the county in order that the official work of the office may be cared for, the salary of this extra deputy being larger than the District Attorney himself receives, and which is paid with county funds. If I am elected District Attorney, private practice will not be indulged in unless it is very certain that it will not interfere with the official work of the office.

During the past few years, thousands of dollars have been expended each year by and under the direction of the District Attorney for the purpose of detecting crime. Thousands of dollars in addition have been expended in prosecuting those charged with crime. No lawbreaker or criminal should go free or unmolested because of the expense involved in restraining him, but it must be conceded that while it is necessary to use numerous detectives and investigators for the purpose of detecting crimes and to make arrests, the probability of convicting a person charged with a crime should be rather certain before additional thousands of dollars are spent in a vain and hopeless exposition in any of our courts. The attorneys of the county in general, as well as many of our other citizens, have realized from time to time that the District Attorney was bringing some defendant to trial at an enormous expense for judge, jury and other officers, when there was little or no probability of securing conviction and which was subsequently indicated by the results obtained, as in the case of People vs. Margaret Friend. The utter breakdown and failure of the prosecutions in many of the important cases brought to trial is unnecessary. Failure to convict in cases that have been widely advertised and tried at great expense to the county, very naturally results in contempt rather than respect for the law. It has been said that the acquittal of one person charged with crime does more harm to law enforcement and

ALFORD AND HULING CONTINUE FIGHT

First of a series of attacks on the legality of the 38 indictments returned by the grand jury charging F. E. Alford, former city manager of Ontario, and John E. Huling, his brother-in-law, with defrauding the city out of nearly \$30,000, began this afternoon at 1:30 o'clock before Judge J. W. Curtis in the superior court.

Attorneys for Alford and Huling will argue their motions to dismiss the entire 38 indictments on the grounds that they were prepared in violation of law and that an unnamed party was allowed in the grand jury room in violation of the law while the indictments were being returned.

Demurrers Drafted
If the motions are denied by Judge Curtis it is known that Alford and Huling's attorneys will file demurrers to the 38 indictments, attacking their legal technicality and asking that they be dismissed. The demurrers have been drafted and are ready for filing in the court.

Deputy District Attorney M. O. Hert will insist that the indictments, charging one of the most systematic and startling series of swindles in municipal history of the county, be held intact.

"It would be virtually a wonder," said Mr. Hert yesterday, "if all of the 38 indictments, however, are free from slight legal irregularities because of the haste in which they were prepared, but in the main they cannot be thrown out of court, I believe."

Both Men Get Bail
The indictments were returned by the grand jury after nearly a month's investigation, when a mass of evidence was laid before the inquisitorial body. Alford and Huling are at present on \$25,000 bail. Both deny any crooked deals and have retained an imposing array of legal talent to defend them.

They were bound over to the superior court on two counts charging swindling of specific instances not included in the 38 indictments at a hearing before Justice of the Peace Jerome B. Kavanaugh a few weeks ago.

It is further known that the attacks on the indictments are but the preliminary steps toward an appeal to the supreme court in the event Alford and Huling are convicted. Their attorneys are leaving no stones unturned in the defense fight.

The case, when it finally goes before a jury, will undoubtedly prove to be one of the sensations of superior court history for several years, both sides having predicted unsuspected evidence.

The records indicate that aside from the salaries and ordinary expenses of the District Attorney's office there is spent by and under the direction of this officer from \$7,000 to \$10,000 each year for the purpose of detecting crime. There is expended for the trial of criminal cases an average of almost the same amount in addition. In other words, there has been expended under the direction of the District Attorney and by reason of the prosecution of cases handled by the District Attorney an average of approximately \$14,000 per year. During the fiscal year ending June 30, 1922, the figures show that this sum aggregated \$14,849.55. These figures as stated do not include the salaries and ordinary operating expenses of the District Attorney's office. Nor do these figures include the salaries received by judges and other officers of the courts who receive a regular salary. If the proper proportion of all these items are added to the cost of the cases handled, the total would approach an enormous sum. If I have the honor of being elected District Attorney, my policy will be to conduct a sufficient investigation of any case pending before the court in order to determine whether or not the evidence is sufficient to reasonably expect a jury to return a verdict of conviction when the case is properly tried, and otherwise the case will be dismissed before trial. If this policy is followed, there should be few cases tried which result in failure of conviction. To do otherwise means an extravagant and useless expenditure of county funds with only very harmful results attained.

It will be my policy as District Attorney if I am elected to use my best endeavors at all times to create respect for the law and to expend county funds judiciously and economically to the end that some real results will be secured.

My pledge at the beginning of this campaign was "Vigorous and impartial law enforcement." I will stand on that pledge, feeling that effective and honest law enforcement does not require such extravagant expenditure of public money as we have witnessed during the past eight years. With this statement I submit my candidacy, hoping to secure your support at the election, November 7, 1922.

GEORGE H. JOHNSON,
For District Attorney

Opening Meeting of The Chamber of Commerce Tuesday Evening

At the Legion Club Rooms at 7:30

Mr. W. W. Mather will speak on the amendments and at the close of his talk there will be an opportunity to ask questions. The various organizations that are sponsoring certain measures are invited to have a representative present. Their talks will have to be limited in number and each to be about three minutes to be able to cover the entire ballot. Ladies are invited as well as the men.

NEWS LAUNCHES A PRIZE CONTEST

The News Prize Circulation Contest opens today and closes Friday, Nov. 3, just two weeks to work in. The contest is open to all. Just think, there are eight big prizes to be given away and also free passes good for four admissions to the Colonial Theatre. All you have to do is to get new three-months' subscriptions to the News. What the News wants is some new starts. Just think, girls and boys, for a little of your spare time after school you can win one of these big prizes. Come in at once and see the Campaign Manager at the News office, and have him help you get started. Next week's paper will have a complete list of contestants and their standing. See middle pages this edition about contest.

COMMUNITY SALES DAY NOVEMBER 15

The Upland Business Men's Association, with thirty-six members present, enjoyed the monthly dinner of the association at Odd Fellows' Hall Wednesday night, President Glenn M. Atwood presiding.

The dinner was served by Davis' Cafe, and it proved an excellent one from every point of view. Discussion of the location of the new electric sign was taken up and in a vote taken it was decided that as it would cost \$100 to change the poles carrying the sign to the south side of Ninth Street, it should be placed on the north side of Ninth Street.

Community Sales Day was adopted as the name of the first sales day, following the summer season, the date selected being Nov. 15th. The change from Dollar Day was largely because numerous merchants found it impossible to follow out the idea of dollar day in their particular line of business while the Community Sales Day idea could be entered into by every business in the city.

POMONA ATTRACTS THROG WITH FAIR

Los Angeles County Fair is the main drawing card of the week and before the week ends there will be very few who have not visited the fair which in its scope is a great surprise to the vast majority.

Although the horse races are proving a great drawing card a great deal of interest centers in the unique entries of rabbits, poultry, pigeons and caviars. In these features the fair is said to surpass any held in the state. More than 750 rabbits are on exhibit, one of them weighing 19 pounds.

Nine new varieties of bantam chickens are exhibited by Dr. G. I. Royce of Glendale, their originator. Pigeons from as far east as Chicago and rabbits brought 50 miles from Masonic City on the backs of pack mules are centers of curiosity.

Chino's "Horn of Plenty," one of three Chino exhibits, is said to be attracting the most attention of any community exhibit at the fair. The familiar sign of the west end city is filled with a wide variety of fruits and agricultural products of more than 100 kinds.

In the mouth of the horn is seated a diminutive little girl, dressed in a costume of grains. Other Chino exhibits are devoted to apple and walnut associations.

The only general exhibit representing this county is the one used by the Thirteenth National Orange Show in Riverside. It is a replica of the national capitol in Washington and when illuminated always draws a crowd of admirers.

"MANSLAUGHTER" AT THE COLONIAL

In spite of the fact that there were no photographers to record the dress and customs of the masses during the years of the decadence of the Roman Empire, Cecil B. DeMille has faithfully reproduced a scene of the barbarian invasion of Rome in his latest, Paramount picture, "Manslaughter," which will be played at the Colonial Theatre Sunday, Monday and Tuesday.

The episode alluded to is a brief historical outback, but it depicts vividly the arrival of Alaric's hordes in the Eternal City.

Leatrice Joy, who is one of the principals of the modern portion of the story, is the hostess at a lavishly beautiful Roman bacchanal which is interrupted by Thomas Meighan in the role of the leader of the Goths, Lols Wilson, John Milner and Casson Ferguson are the other members of the notable cast appearing in this sequence.

A strikingly realistic gladiatorial combat is one of the many interesting features of the bacchanalian entertainment. Although the episode required more than a week to film and kept nearly 1,000 persons employed, it will occupy the screen for only a few minutes. It is used to point a powerful lesson and serves to draw a comparison between ancient Rome and modern America.

The story deals with a young American girl of wealth who is a speed maniac and who is the cause of the death of a motor policeman. The district attorney who prosecutes her loves her, but he believes that the only way to save her from herself is to punish her. She goes to prison and when he calls upon her she treats him with contempt. He dissipates and later when the girl is released she is the means of reforming him. The two are united after many thrilling incidents transpire.

LOCATION OF SIGN EXCITES INTEREST

With the street sign to direct passersby into the heart of the city all ready for installation; with the money ready for the payment, and with most of the details incident to the installation of the sign complete, but one thing stands in the way of the placing of the sign and that is—Where is it to be placed?

A combination of mix-up orders, opinions of committees and decisions of officials has resulted in two poles to carry the sign being placed on Euclid Avenue, one at the Presbyterian Church corner and another opposite it, which, according to some men is the proper place, and according to others is anything but the proper place.

A committee from the Upland Business Men's Association, a committee from the Chamber of Commerce, and one from the City Council was to decide on where to place the sign, some of the committeemen favoring placing it across Ninth Street, others wanting it across Euclid. It is evident that the men wanting it across Ninth Street finally agreed that across Euclid was agreeable with them, but that the sign should be placed south of Ninth Street.

The poles were placed on the north side of Ninth Street, and ever since members of the committees from the different organizations have been trying to find out who changed the orders, why the poles were placed where they are, and how efficiency could have gone so far askew as to get the sign where it wasn't ordered.

MEETS THE TEST

A true friend is one who never gives your name to book agents, bond salesmen and insurance solicitors as a possible customer.—Boston Transcript.

HEREDITARY

Doctor A: Has that rich patient of yours any hereditary trouble?
Doctor B: Yes; I hope to hand his case down to my son.—Boston Transcript.

Strike and the world strikes with you. Work and you work alone.

World's smallest factory-made auto is so small the entire four-cylinder power plant can be held in one arm.

One hazardous calling is calling a man a liar.

Hunt the bright side. Mosquitoes haven't any coal either.

The woman who loves every hair on her husband's head hates every hair on his shoulder.

When you see a man climbing the ladder to success you can bet a woman is holding it.

SUMMER'S WORK REVIEWED BY CLUB

The summer's work was the theme of the executive board meeting held Thursday morning in the Club Center, and the coming annual meeting which will be held at 4:30, Wednesday, the 25th, immediately following the regular meeting of the Woman's Club, in the basement of the library.

The meeting was called to order by the president, Mrs. E. C. Harwood. Following the reading of the minutes of the June meeting a report from the city nurse, Mrs. Fuller, was given. She stated that 72 babies had been brought to the clinic during the summer. Aside from the clinic there had not been much illness in Upland. Mrs. Hanson reported between six and seven hundred dollars in the treasury for relief work. When clothing was needed for relief work it seemed only necessary to let it be known, when plenty of good clothing was turned over to her. About ten dollars had been expended for food.

It was decided to carry on the annual drive for Red Cross members in the same way that it has been for the past few years, making the banks the headquarters and carrying on publicity through the Upland News and through the different men's and women's organizations and the churches. The secretary was instructed to write each organization in Upland asking them to back the effort to make the membership large, or if possible than ever. Armistice Day will be the beginning of the Sixth Roll Call.

It is especially interesting to the members of the Red Cross to know that locally the Chapter will be able to retain on every membership 50 cents for local work, excepting the life membership of \$50.00 and the patron membership of \$100.00. Of the annual membership of \$1.00, the contributing membership of \$5.00, and the sustaining membership of \$10.00, 50 cents each will be forwarded to the American National Red Cross, the rest to be used locally.

"COME OUT OF THE KITCHEN" TONIGHT

Advance sale of tickets for "Come Out of the Kitchen," A. E. Thomas' delightful comedy, with which The Community Players are to open their 1922-23 season at Chaffey Auditorium tonight, indicates that the initial performance will be greeted by a full house.

Gloom reigned in the ranks of the players the first of the week when Mrs. Alden Bradford Whitney, prominent Upland society woman, fell down some concrete steps at Chaffey while leaving rehearsal and severely sprained her right ankle. She was confined to her bed for two days and was obliged to attend dress rehearsal on crutches, but expects to be sufficiently recovered tonight to appear in the important role of Mrs. Falkener.

The comedy is a veritable riot of fun and promises to secure a great success for The Players and for Miss Ruth Harrison, the director. The play is to be repeated tomorrow night and there are many good seats yet to be had at Mac's drug store.

THRIFTY

Willie was always on the lookout for something good to eat and did his best to coax money out of his relatives.

When Uncle William, who was a hard man of business, visited his nephew, Willie asked him for a nickel to buy an orange from the man outside.

"Give you a nickel? Certainly not!" said the uncle. "You'll never make a business man. Run out and make faces at him and perhaps he'll throw one at you."—Kansas City Star.

Sir! How Dare You
The audacity of some of these writers of advertisements! We note an ad for hosiery in which is produced a picture of a woman, the like of which we have never seen in the flesh and here's hoping we never do. In the lower corner of the advertisement we read: "You just know she wears them."

What'd ye mean "You?"

In Michigan thirty girls in pajamas put out a fire. And now no house in the town is safe.

Too many reformers righting the world's wrongs are really wronging the world's rights.

Three hundred cities now have camp sites.

Lamp black forms a good polish for the headlight reflectors.

TO AWARD PRIZES IN THE CHILDREN'S EXPOSITION SAT.

Members of the Parent-Teachers' Association are very disappointed at the lack of interest and enthusiasm shown by the mothers over the Children's Exposition which has been going on during the summer months and will close tomorrow with an exhibition of the work at the Tenth Street Grammar School and the awarding of prizes.

The idea was started last spring. The object being to keep the children amused and interested in the contest, it met with the hearty approval of everyone at the general meeting, but enthusiasm among the mothers waned during the summer, and the whole affair has dwindled to the care of just a few who have been faithful to the plan. The plan itself has worked out beautifully, children have had a great interest in the stunts, and every mother speaks well of the way in which their youngsters have been kept interested and amused through July, August and September. But since school began, a mere handful of mothers have paid any attention to the project work, and only 12 people voted on the essay contest. There were three published, one representing three different families, yet the average vote for each contestant was four. Where were all the uncles, aunts, brothers, sisters and cousins? Father and mother probably cast their vote, but it is a mighty poor showing for the parents of Upland on the whole.

Now then, everybody, let's get out to the parade tomorrow and see the wonderful things our children have done. The exhibits are well along, and there is no more interesting sight on earth than a child's pleased look of content when he is receiving a prize. Let's all be at the school house tomorrow. The doors will be open at 10:30 for inspection of the work and prizes will be given at three o'clock in the afternoon. That the children of today are the citizens of tomorrow is a truth that is being proved every day, and while we are trying to better present conditions we should also give a little time and interest to the affairs of those who will come after us, and have the handling of the future. Let's all have a date with each other tomorrow at the Upland grammar school, and let everyone know that we are interested in what our children are doing, even if we seem to have difficulty in finding the time to show it.

G. A. HANSON,
Pres. Chamber of Commerce

For the benefit of those who have not the program for tomorrow it is given below.

At nine o'clock those in the doll parade will meet in front of the Public Library, where the prize will be given by a member of the Eastern Star. The parade will continue downtown.

At 10 a.m. all children who have entered the contest for clean teeth will meet outside Mac's Drug Store, where the prize, a tube of toothpaste, will be given.

At 10:30 the doors of the Tenth Street grammar school will be open to the general public, and they are cordially invited to come and view the exhibit.

At 11, the First Aid contest takes place under the direction of Mrs. E. P. Fuller, Dr. Mary Williamson acting as judge.

At 1 p.m. the pedal changing contest will be held in front of the John Palmer Cycles.

At 2 o'clock the tire-changing contest will be held in front of Graham's Service Station.

At three o'clock presentations of awards by officials of various organizations who have donated prizes will be made.

"NICE PEOPLE" AT COLONIAL TONIGHT

The story of "Nice People," which will be played for the first time tonight at the Colonial Theatre, followed by a matinee on Saturday and an evening performance, concerns Theodora Gloucester, who belongs to a group of "nice people" who drink, smoke, gamble and flirt.

She fancies herself in love with Scotty Wilbur, the best dancer in her set, and despite the objections of her father and aunt she goes to a road house party with Scotty, where she meets Billy Wade, just back from abroad, and to whom the difference between "nice people" and people of the half world is barely distinguishable.

The story unfolds in an original manner, and with Wallace Reed and Belle Daniels, playing the leading parts, one is assured of a very enjoyable performance.

With this play comes a Larry Semon comedy, "Golf," which is filled with laughable incidences.

Motorcycle output in the last five years has fallen off 5 per cent.

Of SERVICE to this community

¶ It is our aim to serve, to the best of our abilities, the interests of the business and the business men of our community.

¶ We stand ready to protect the property, the merchandise and the valuables of the citizens of our commonwealth.

¶ We stand ready to assist in the appraisal of local properties and to insure such properties against destruction and damage.

¶ We stand ready to insure goods in stock and in transit against loss and pilferage.

A Rubber Ball and the Tariff

LIFE, liberty, and the pursuit of a rubber ball—is one of the inalienable rights of childhood. If tariff interfered with that, it would be an arraignment against it. The Democrats are claiming that tariff will increase the cost of things upon which there is a duty. Let us examine the facts. There is a duty on rubber balls.

At hand is a rubber ball. It is not an ordinary rubber ball, but is a "grand-or-ious" one, as my little girl says. It cost 65 cents, and that gets a first-class ball. But how does it happen to cost so much? Is it due to the duty on balls?

This ball was made in Germany, where workers get wages of only one tenth as much as American labor gets. It was made in Germany and sold there for 11 cents. Freight, etc., to America was one cent; tariff duty, three cents. Total cost landed in America, 15 cents. Suppose the importer got 50 per cent profit for his trouble, that would make the ball sell in America for 23 cents, or, suppose he got 100 per cent profit, then the ball would sell for 30 cents. But no, our greedy importer sells the ball for 65 cents. That is 433 per cent profit. Too big a profit, and all the time he is pretending to be greatly grieved about having to charge the "dear consumer" so much "on account of the tariff." It's all hypocrisy "dear consumer"; don't believe it.

Fifteen cents cost, including the duty of 3 cents, 65 cents sale price, 433 per cent profit. Big sale price "on account of the tariff."

He sells those lovely balls that low, Because he loves the consumer so!

Wonders of the Sea

VENUS, the brilliant planet about which there has been so much discussion lately relative to the possibility of life on her surface, is now about 50,000,000 miles away and rapidly approaching the earth. Her nearest visible position, about 33,680,000 miles away, will be reached October 21, after which, although still coming closer until November 25, she will be but 27,400,000 miles distant, she will be invisible to us. If Venus is really inhabited, at that time the earth will appear far more brilliant in her sky than she ever does in ours.

Mars, although retreating rapidly away from us, still is a notable point of red light. Her distance, which was something like 42,000,000 miles from the earth June 18, has now increased to 75,000,000 and will become 140,000,000 by the end of the year.

During the early months of 1923 Jupiter and Saturn will be conspicuous in the morning sky, and, together with Venus, will delight early risers who love the glories of the stellar realm. There is no more fascinating study for old or young than astronomy, and the boys and girls should be encouraged to learn the "geography" of the sky as well as that of the planet on which they live.

Defining Genius

SOMEONE wants a definition of genius. Well, in this age of putting it over, our reply would be that that man is a genius who can get the most advertising for nothing, and we exclude preachers and prize fighters. Our outstanding examples are Henry, who proves himself a public benefactor by throwing tens of thousands of men out of employment so that all the rest of us, including Henry, may get coal cheaper, and Paul Poirot, who ordains longer shirts and defies the shapely American girl and her grandmother, who know better.

Be A Constructionist

BE interested in the public schools. Let your interest be alive, alert, constructive. The schools need the constructive, forward-looking interest of every patron. Visit the schools occasionally. Join the parent-teacher associations. Talk to the teachers. Get their confidence. Learn of the difficulties with which they have to contend. Show them that you are interested in their work, and that you are helpfully sympathetic toward them.

Talk to pupils. If you have children of your own in school, discuss their school work intimately with them. Get their viewpoint. Evidence your sincere interest in what they are accomplishing. Impress upon them the vital importance of having an education.—Pasadena Star News.

Man Made In His Image

CAPTAIN LESTER of the ill-fated City of Honolulu is an example of the reserve of courage and fortitude with which Providence has endowed the creature He made in His own image. Passengers of the doomed boat are unanimous in praising the commander's calmness, his executive ability and his air of quiet confidence when his world was breaking up about him and the lives of more than 200 entrusted to his care seemed hanging in the balance. His strength communicated itself to crew and passenger list, preventing even a semblance of the panic that would have precipitated the dangers he was seeking to avoid.

The sea breeds perils but it breeds men to meet them. Captain Lester carried a great burden than the task of saving passengers and crew, and confronted a situation more terrible to him than death by fire or water. The flames were consuming more than his beloved ship; he might properly suspect they were destroying his career. He successfully ran the gauntlet of the immediate dangers. He is still to face the perils of official investigation and the public demand that somebody be punished for the circumstances that flames could get such headway on a modern ship, equipped with the latest in firefighting appliance and apparatus, that the vessel had to be abandoned within an amazingly short time.

Captain Lester knew all this. It might have unnerved him but it did not. If there was carelessness on shipboard before the fire, his demeanor later expiated it.

It Keeps the Income Coming

THE big idea, to the head of a family, is the income. If it keeps coming, there is happiness. If it stops, there is misery.

The income pays the rent, fills the cupboard, replenishes the coalbin, puts shoes on little feet and school books in little arms, and means the making of the home.

Without the income, the home is shattered. Can anything be more heart-rendering than the wail of one's own children crying for the necessities of life?

And food and drink are not all. It is the aim of every parent to help the child get on, to give it opportunities a little better than he or she had, to see that it has a fair start in life. But there is no development, no advancement, without the steady income.

This is the reason why we must have the protective tariff.

Without the protective tariff foreign products fill our markets and drive out American goods. Since we cannot sell in our markets, we stop producing. The mills close and laborers are out of work. The income stops coming.

If we lay a protective tariff duty on certain foreign imports, it discourages the importation of these things and gives the American producers a chance to supply the needs of American consumers. This keeps us employed and the income keeps on coming.

No protective tariff means no market for our wares, no work, no income.

Protective tariff means a good market, work for all, and the income keeps on coming.

Law, Business and Morals

THE American Steamship lines are struggling hard to prevent the loss of their passenger business to foreign owned ships. Because booze is not allowed on American ships, passengers, as a rule, give preference to ships sailing under a foreign flag, where that restriction is not in force. Unless something can be done to aid our ship owners, the American merchant marine is doomed. That would be a business calamity.

A well regulated government must see to it that its laws are enforced and respected. The next most important thing to law enforcement is the protection of the country's business interests. Third in importance is the moral fibre of our citizens. Under this classification, business must be sacrificed for law, and morals must be sacrificed for business, all of which constitutes a serious complication and furnishes food for thought.

Law must be respected and enforced and business must be protected and stimulated. Booze drinking is the most vicious and powerful habit in the world and comes second only to the law of Nature. In time you can suppress habit, but you can never overcome Nature. Something must be done to save our merchant marine and the law must be enforced. Congress can not, if it wished, do away with prohibition, because that is a constitutional provision. But Congress can protect business.

Carries Far

THE new five-cent stamp will carry the likeness of President Roosevelt. The department thought the Roosevelt visage was particularly appropriate on the stamp of this denomination because it is the one most generally used on foreign mail and most of the peoples of the world were familiar with the Roosevelt face. Even in darkest Africa the natives would be able to tell that the letter was from America.—L. A. Times.

FAMED AUSTRIAN SURGEON TO MAKE HIS HOME IN NEW YORK

Dr. Adolf Lorenz, famous Austrian orthopedic surgeon who recently arrived in New York accompanied by his wife and two sons. He plans to make his permanent home in this country. It will be remembered that Dr. Lorenz, who practices bloodless surgery, aided thousands of needy cripples during his stay in this country last year, and he has already made plans to aid American surgeons in their work. Photo shows, left to right: Albert Lorenz; Dr. Lorenz and Conrad Lorenz.

ONTARIO, CAL.

CUCAMONGA

Mr. and Mrs. Arthur M. de Berard and son Billy joined a party of Ontario friends motoring to the Riverside Fair, Saturday.

Miss Mary McCord, of Los Angeles, accompanied by her mother, was visiting old friends at the Cucamonga School Monday. Miss McCord was formerly principal of the school for several years and has many warm friends here who are congratulating her upon her approaching marriage to a prominent young rancher of Minnesota (the name we have not yet learned), the nuptials to take place sometime in November.

Mrs. Nelson Van Fleet, Jr., who was visiting last Friday her old home in Compton, had the misfortune of a damaged Ford coupe, when a machine turned suddenly from the curb, making a collision unavoidable. The occupants of both cars were fortunate to escape injury, aside from the shock of the impact.

Friday, the 13th, spelled disaster for a car belonging to D. E. Myers, which was struck by a truck in Pomona.

Mr. and Mrs. E. G. Ryman and children took in the pleasure of the Riverside Fair Saturday afternoon.

S. M. Garrard made a business trip to Los Angeles Tuesday.

Mr. and Mrs. V. G. Lucas enjoyed the much discussed film play, "Manila", presented at the California Theatre, Tuesday evening.

Mr. and Mrs. L. T. Jamison motored in to Los Angeles Friday, their friends Mr. and Mrs. James Hughes, who were visiting in the Angel City from Nebraska, returning home with them that evening, remaining as their house-guest until Tuesday. Saturday they all enjoyed the Riverside Fair. Mr. and Mrs. Hughes are returning to their home in Nebraska next Tuesday.

Harry Cook is spending a week or two in Palmdale, looking after the big cement contract for Henry Klusman.

James Whitson returned from a two weeks' hunting and fishing trip with a party of Ontarians in the San Jacinto Mountains.

Mrs. S. M. Roberts was visiting old friends, Mr. and Mrs. Dick Bradford in Alta Loma, Monday.

Mr. and Mrs. Harry L. de Berard and son Jean and Mr. F. M. Marsh were visitors to the Angel City last Saturday.

Mr. and Mrs. Vincent G. Lucas received a visit Sunday from Mr. and Mrs. John Mahan and Mr. and Mrs. Johnson, all of Los Angeles. Mr. Mahan was formerly the agent for the Southern Pacific Station at Quasi for a number of years and was well known locally.

Last Thursday being "Columbus Day" and a holiday at the Cucamonga Bank, Miss Helen Todd, accompanied by her aunt, Mrs. W. C. Axley, motored to Los Angeles, where they visited Miss Todd's home, and with her mother, Mrs. Foster Todd, motored on to Glendale, where they visited the latter's aunt, Mrs. Hannah Wells and Mrs. W. H. Farrell, old Colorado friends of the Roberts' family.

Mr. and Mrs. L. T. Jamison, with their daughter and children, Mrs. G. Nelson Crowell, of La Verne, expected to attend the Los Angeles County Fair at Pomona this afternoon, Thursday.

Mr. and Mrs. S. M. Roberts, entertained their sister, Mrs. Teresa Roberts and daughter, Nora, of Kansas, on Wednesday, from here they left for Sacramento, where they will spend the winter with their son and brother.

Mrs. Adella A. Samuels, principal of Cucamonga School, South Side, is in charge of a teachers' training class; one day last week, forty teachers from Claremont were present. Mrs. Samuels is widely

known for her wonderful system of "training the young ideas how to shoot" and her methods are being applied at the Cucamonga school with very successful results. The older pupils, under the supervision of Miss Lillian Graves, domestic science instructor for Chaffey High, are now cooking and taking charge of the luncheon menus being served at the noon hour, and many delectable tid-bits are being prepared, much to the satisfaction of the crew of carpenters and men at work on the new Manual Training building, who are buying their lunches at the school's culinary department.

Local townsmen to be called by Judge J. W. Curtis, of San Bernardino, to serve as trial jurors in the Superior Court for the next three months, are, Messrs Arnold Weber, C. B. Molsinger, Louis Anderson, E. S. Allen and A. J. Farquhar.

George A. Miller, Field Organizer for the Near East Relief, Los Angeles office, was a Sunday and Monday guest at the home of Mr. and Mrs. John Whitson. Mr. Miller, with the assistance of Mr. Whitson, town chairman, has been organizing the drive for funds and clothing for the 140,000 Smyrna refugee children to be held here the next ten days.

Harry Roberts, of Alta Loma, was a business visitor in Los Angeles Monday, going in via the Pacific Electric.

The Cucamonga Women's Club extends a cordial invitation to the women of the community to attend their annual reception and musicale to be held Thursday afternoon of next week, at 2:30 o'clock, at the home of Miss Eleanor Albert on Olive St., Alta Loma. This is always a delightful event to look forward to and arrangements are being made to accommodate an unusual large attendance.

Mr. and Mrs. William M. Kincaid attended the big football game between the U. S. C. and the University of Arizona last Saturday, remaining over for a week's visit in the city.

Miss Mildred Thorpe and cousin, Miss Kathryn Crowley, were among those enjoying the diversions of the big Riverside Fair last week. Miss Crowley left Monday for her home in Chicago, much to the regret of the many friends who bade her farewell, who retain high hopes that the charming, young women will return again to California to make her home here, Miss Crowley having expressed a preference for a life in this sun-kissed land.

Miss Crowley is a teacher of music in the Chicago schools.

At the annual Methodist of Southern California Conference which closed at Fresno last Monday, Rev. H. C. Mullen, pastor of the Cucamonga Methodist church, has been transferred to Glendale, while Rev. William McKinley Walker, of Blythe, Imperial Valley, and recently of Toledo, Ohio, has been assigned to the Cucamonga Pastorage.

Mr. and Mrs. E. R. Hively and son and Miss Wava Hively, accompanied by Mrs. Vincent Roth and little daughter Evelyn, were among the number enjoying the county fair at Riverside Saturday.

Enroute to their home in Highland after visiting Friday and Saturday in Los Angeles and attending the U. S. C. football game, Mr. and Mrs. Geo. Keyes, Jr., were guests Sunday at the home of the former's parents, Mr. and Mrs. George Keyes, of Base Line.

Mr. and Mrs. W. Sam Holden, of Los Angeles, spent the week-end at the home of the former's parents, Mr. and Mrs. W. C. Holden. Sunday they all motored to Lytle Creek where they spent the day at the Stribley cabin. The canyon is a veritable beauty-spot at this time of year, with the leaves turning from green to red and yellow, Dame Nature bidding a fond farewell to Glorious Summer.

Mrs. Marian Holden was a week-end guest at the home of Miss Maria Caldwell, in Pasadena, accompanying the latter home

AQUEDUCT AGAIN SUPPLIES POWER AFTER REPAIRS

Damages being repaired, the aqueduct is again furnishing sufficient water to supply its power plants, after having been greatly reduced in capacity for about forty days. The first break in the aqueduct occurred between the Halvee reservoir and the Fairmont reservoir on August 19, at which time water from the closed conduit system broke out. The second, due to a cloudburst, clogged the open ditch above the Halvee reservoir completely cutting off the supply from Owens River. This impaired the generating capacity of the city plants in the San Francisco Canyon, as there was not sufficient water to drive them to their normal capacity.

The contract between the city and the Southern California Edison Company made it possible to turn this load over to the Edison Company to furnish from its steam plants. This saved the lighting situation on the streets, business houses and residences of Los Angeles, which would have otherwise been in partial or total darkness, and kept factories going and the wheels of industry turning.

It is estimated that the two breaks caused a loss of about one-twelfth of the annual electric output of the city's aqueduct power plants.—From Los Angeles Times, Oct. 4, 1922.

The outstanding feature of the Near East fracas has not been the alacrity with which the league of nations stopped the war talk.

on Friday evening following the close of school.

"ALICE IN HUNGERLAND"

"Alice in Hungerland," a film being exhibited by the Near East Relief Organization in their campaign for funds and clothing for the thousands of refugee children in the war-zone of Turkey, was shown by George A. Miller, Field Organizer, last Sunday evening before the children and young people of the Christian Endeavor, as well as many of the church members, at the Cucamonga Methodist Church. On Tuesday evening, Mr. Miller presented the film at the Alta Loma School. One has but to see this wonderfully realistic picture screened in the Near East, to realize the dreadful conditions prevailing over there; the poverty, distress and famine existing are almost unbelievable, till one sees the actuality before you on the screen. It is not a pleasant picture, this "Alice in Hungerland," as starvation and death greet the little Alice at every turn, but it does show that for dear humanity's sake, America must continue the good work in helping with funds and clothing, these unfortunate victims of war and plague. These children are being cared for in barracks turned into orphanages, and are being fed, clothed and educated to become good citizens and Christians, by the Near East Relief.

BRIDGE CLUB ENTERTAINED

The Alta Loma Bridge Club were guests on Tuesday afternoon of Mrs. H. L. Salisbury at her home on Bellman avenue, members as usual enjoying the highly diverting game of Auction Bridge, with Mrs. W. H. Root making the high score of charming appointments, followed the games, pretty pink roses centering the table carrying out the color motif. Mrs. Chas. F. Thorpe will be hostess at the next meeting, Tuesday, October 31st.

WOMEN INDEPENDENT IN CITIZENSHIP

Women in America will hereafter become citizens or aliens in their own right and not on account of marriage. This is effected by a law which the President signed on Thursday, September 21.

Formerly, an American woman marrying an alien, forfeited her American citizenship, while an alien woman marrying an American citizen, automatically became an American citizen. Women have long felt that this was unfair, and several women's organizations have advocated an independent citizenship measure.

If an American woman formally renounces her citizenship, or if she marries an alien ineligible to citizenship, she becomes an alien; but otherwise her citizenship is on a status equal to male citizenship and depends entirely upon herself; and is subject to the same rules which control the citizenship and naturalization of male citizens.

Although the subject has long been a mooted question, and of especial interest to women, and urged by a number of women's organizations, it was impossible to get the Democratic administration to pay any attention to it. It was left for the Republican party, whose policy has always been to give justice and equality to women, to put the measure through.

Representative Cable (Republican), of Ohio, and Senator Colt (Republican), of Rhode Island, introduced the bill in their respective houses. It passed both houses with almost no opposition from Republican congressmen, and was promptly signed by the President.

CLERICAL IRONY

An old preacher when asked by a young one the best way to teach the Ten Commandments, replied: "If your congregation is poor, teach them as commands; if middle class, as requests; and if rich, as recommendations."—Boston Transcript.

ROYAL NEIGHBORS HOLD ANNUAL MEETING

The fourth annual meeting of the Orange Belt School of Instruction of the Royal Neighbors of America was held in the Odd Fellows' Hall on Thursday, October 19th.

Neighbors from the Pomona, San Bernardino, Redlands, Corona and Colton camps were present, and the states of Colorado, Kansas and Michigan were represented by visitors here. Some seventy-five people were in attendance, and a most enjoyable time was spent.

President Mrs. Clara S. Duncan, assisted by the state supervising deputy, Mrs. Christina Hammill, of Los Angeles, conducted the meeting, and Redlands put on the class adoption work, seven young girls all gowned in white performing the work in an efficient and pretty manner.

At six o'clock all were invited to the dining room, where supper was served. Pretty Halloween favors made the table very attractive and the rooms were decorated with lovely ferns and potted plants.

The meeting broke up after a very enjoyable session, everyone feeling

that the day had been delightfully spent.

The next annual meeting will be held at Corona sometime in October, 1923, the exact date to be decided later.

HALLOWEEN PARTY AT THE SYCAMORES

Mrs. Louis Kronmeyer, Sr., was hostess yesterday afternoon at a very delightful affair, when she entertained members of the G. T. Club and several other guests at a Halloween party at The Sycamores.

Decorations were of fantastic black cats and witches, and a game of chasing a black cat with the traditional nine lives caused a great deal of amusement.

Refreshments were served at tables prettily adorned with Halloween favors, and centred with golden pumpkins filled with yellow flowers.

Mrs. Kronmeyer was assisted in entertaining by her daughter, Mrs. Harold Dundas, and other guests were: Mrs. Charles M. Sikes, Mrs. C. Thudum, Mrs. C. O. Deverts, Mrs. Mark Bailey. Members of the G. T. Club present were: Mrs. J. F. Hamilton, Mrs. R. R. Wisely, Mrs. N. I. Hamer, Mrs. Bert Spicer, Mrs. A. M. Wisely, Mrs. Edward Lutz, Mrs. Charles Allen, Mrs. E. R. Son.

SIMPSON-BROWN WEDDING

A very pretty wedding was celebrated on Wednesday evening at 8 o'clock at the home of Mr. and Mrs. William L. Brown, 759 Second Avenue, when their daughter, Venetta, became the bride of Everett Earle Simpson of Ontario. The house was a veritable bower of blossoms, baskets of roses, cosmos and carnations placed artistically against a background of ferns and greenery.

Beneath an archway of asparagus fern and Cecile Brunner roses the groom met his bride, who entered the room leaning on the arm of her father, the Bridal Chorus from Lohengrin being played during the approach to the altar by Mrs. Charles Simpson of Long Beach. The ceremony was read by the Rev. C. A. Kent, pastor of the Methodist Church.

The bride's costume was a lovely white satin gown, draped with exquisite Spanish lace. She carried a beautiful bouquet of sweet peas, lilies of the valley and maiden-hair fern.

There were no attendants, but the wedding was witnessed by some twenty-five relatives and friends. Proceeding the service Edward Middough of Ontario sang "Because," and Way Middough of Long Beach sang "For You Alone."

A delicious supper was served after the bride and groom had received the congratulatory wishes of their friends, and the many beautiful wedding gifts were admired. Shortly after Mr. and Mrs. Simpson left for a honeymoon, which will be spent in San Francisco and other points in the north part of the state. The bride's going away gown was of navy blue poret twill with hat and shoes to match.

Mr. and Mrs. Simpson, upon their return from their wedding trip, will make their home in Ontario, where Mr. Simpson is connected with the Boys' Shop in that city.

BIRTHDAY SURPRISE PARTY

A. W. Benson and M. R. Schenberger both had a birthday anniversary on Wednesday, which Mrs. Benson, assisted by Mrs. Louise Hamer, celebrated for them with a very successfully carried-out surprise party at the Benson residence on Eighth Avenue. One birthday hero is ten years older than the other, but they are not saying which one.

Decorations were in Halloween style, and the evening was pleasantly spent in music and games. Supper was served by Miss Mary Benson and Miss Henrietta Hamer, who were attired in Halloween costumes, with fetching aprons and caps of orange and black. The meal was in four courses and included many delicious dainties.

Those invited to "surprise" Mr. Benson and Mr. Schenberger were Mr. Nisley, Miss Gertrude and Miss Schenberger, Mrs. and Miss Hamer, Robert and Donald Benson.

BUSINESS WOMEN HOLD SOCIAL EVENING

Some thirty-five members and friends of the Upland Business Woman's Club had a delightful evening last Tuesday at the club centre, which looked very attractive with decorations of palms and baskets of cosmos and roses on the tables.

For the first hour fingers went more rapidly than tongues, everyone being busy making booklets out of magazine stories to be sent to the hospitals for invalids to enjoy. The covers are light and easy to hold, and the booklets look most attractive when finished.

Afterwards the time went even more quickly in musical games, community singing and short speeches by Miss Lillian Williams, Mrs. E. R. Swan, Miss Kathleen Leahy, Miss Esther Krebhiel and Mrs. E. P. Fuller telling about their various duties.

Coffee and home-made doughnuts were served by the refreshment committee.

CHARLES E. HARWOOD HONORED

Charles E. Harwood, prominent Upland resident and pioneer of this section, furnished the inspiration for a unique celebration staged yesterday afternoon by the Ontario Rotary Club at Oma Tea Garden.

It was the occasion of the weekly Rotary Club luncheon, but a number of special features were arranged in honor of the two surviving members of the class of 1852 of Williams College, of which Mr. Harwood is one, and incidentally it was the ninety-second birthday anniversary of the Uplander.

The other surviving member of the class, who originally numbered 51, is Dr. M. J. Lyman, of 204 West G Street, Ontario. Dr. Lyman was unable to be present in person, but he sent a letter, which was read before the club and which evoked much merriment.

One of the outstanding features of the luncheon meeting, which was held at Oma Tea Garden, was the wonderful display of roses furnished by John S. Armstrong of the Armstrong Nurseries. There were baskets of surpassing beauty for centerpieces and at each plate there was a large bouquet of roses, each of a different variety, there thus being more than thirty different varieties at the table.

Mr. Armstrong gave an interesting talk on roses and another interesting speaker was William Davis, vice-president of the First National Bank of Chicago Heights, who was the guest of George A. McCrea.

The Williams College yell was given and there was much merriment. Mr. Harwood spoke briefly and interestingly and expressed his pleasure at being thus remembered on his birthday.

GRAMMAR SCHOOL NOTES

The boys of the 7th and 8th grades are under the supervision of Coach. This is the first team the school has had for eight years.

Miss Griggs spent Wednesday afternoon in Riverside.

The candy sale by the Girl Scouts last Monday afternoon was a great success, bringing \$6.86 into the treasury.

The entertainment given by Miss Watson's grade was very interesting. It consisted of several songs, recitations and a play entitled "Columbus."

The eighth grade is giving two plays for assembly at 8:30 a.m. on Friday, October 27th. The first is entitled "How We Got Oregon for the United States." Characters are: Mr. Whitman, Harold Tipton; Mrs. Whitman, Gladys Peterson; Neighbor, Lucella Herbert, and seven trappers. The other play is "Hiring a Girl." The characters are: Mr. Bray, Victor Colborn; Mrs. Bray, Ethel Olsen, and the servants are taken by Anna Lichti, Christina Born, Marlin Detweiler and Mabel Colborn. The scenes will be explained by Ida Vernon. There is also going to be a musical program and Russell Kent will give a talk on the flag. All parents and friends are cordially invited.

Mr. and Mrs. T. K. Vernon will entertain the teachers of the Grammar School and the Trustees at their Camp Baldy cabins over the weekend next week. The teachers will leave here Friday afternoon, returning on Sunday. There will be a crowd of twenty-five or thirty and a most enjoyable time is anticipated. Miss Tarleton is in charge of all arrangements for the comfort and pleasure of the party.

Report of Second Grade—Miss Sullivan's Room.

The second grade is making book covers. They are made of cloth with cross-stitching on them. We made the designs on paper. Book-covers will keep our books clean.

INCREASE IN FORCE AT GRAHAME'S SERVICE

Another example of the super-service given by the Grahame Super-Service station is exemplified in the addition to the force of Rolf Christiansen, who will take care of the outside territory, looking up present patrons and making new ones. Mr. Christiansen, who is an ex-service man, came here with his wife from New York a few months ago, and lives on Ninth Avenue. He is an expert mechanic and thoroughly conversant with the automobile business, and will be able to fix any trouble with a car as well as advise people as to the best of the many auto accessories carried by the Grahame Service Station.

UNIQUE MUSIC AND DRAMA COURSE

Few managers of Music and Drama Courses are bothered with the same sort of trouble that confronts Professor Lyman at Pomona College. Instead of worrying how to fill Bridges Hall and bending his energy to getting every possible person interested, his worries are concerned with trying to find a way to accommodate all who want to hear the course, and in finding new places for seats. The reason for this unusual situation is found in the fact that all regular students at the College are given tickets for this course. Pomona College considers it a part of a college education to know and appreciate good music and the best that the stage has to offer. After the students are accommodated there will be a limited number of seats left. The Music and Drama Course Committee has determined to place seats upon the stage this year and will therefore be able to offer about 100 more season tickets for sale than last year. These will be sold to the first comers, and the committee only wishes that Bridges Hall was large enough to accommodate the many who would like to hear this fine series of concerts.

This year the numbers are fewer than usual, but the quality is higher. Every number is given by world-famous artists. The course will open on November 16th, with a recital by Madame Marguerite D'Alvaraz, the famous Peruvian contralto. The second number will be a two piano recital given by Guy Maler and Lee Pattison, given on December 1st. Such ensemble playing as they produce is rarely heard, and their recital will surely prove a revelation to all music lovers.

Louis Graveure, the famous baritone, who was at Pomona College four years ago, has been engaged for the third concert on December 15th. His art and reputation should pack the house.

No Music and Drama Course can be complete without the annual Shakespeare Play. The setting in Bridges Hall is ideal and the atmosphere of the place lends itself admirably to the old English manner of staging the play. Last year "Hamlet" was given very successfully and this year the College Players are to give "Othello" under the direction of Professor Shepard on Friday and Saturday, January 26th and 27th.

Efrem Zimbalist is to play on February 14th. Zimbalist is one of the leading violinists of the world. The Los Angeles Philharmonic Orchestra will give the sixth number of the course on March 1st. The popularity of the Hollywood Bowl Concerts this summer shows the wonderful hold which the Los Angeles Orchestra is gaining over music lovers. The acoustics of the big gymnasium at the College are almost as remarkable as the acoustics in the Hollywood Bowl, and have been the subject of enthusiastic comment by the conductor throughout every appearance of the Orchestra in Claremont. Those who wish to "hear" the Orchestra at its best should not fail to hear them in the big gymnasium. The final number of the course is to be given by the famous London String Quartette on Friday, April 20th. The London String Quartette ranks with the Flonzaley String Quartette as one of the two best in the entire world. The chance to hear them is worth much. The seven numbers comprise a course which for excellence is hard to equal.

There will be a few single admissions on sale the day of each concert only, at \$1.00 and \$1.50. Tickets for the course are \$6.00, and will go on sale November 1st at Bridges Hall (Music Department Office), Claremont. For the convenience of those who cannot conveniently call in person to procure these tickets, an arrangement has been made to receive orders by mail now when accompanied by check. The College announces that such orders will be filed in order of receipt and filled in the same order on November 1st. Checks should be made payable to Ralph H. Lyman, Chairman.

BEWARE!

Have you ever put goose grease on your shoes when the shoe polish was all gone, and you just had to have a shine before calling on your best girl? If so, take heed of the embarrassing, but funny, experience of "Grandma's Boy," who is none other than the one and only Harold Lloyd.

DOWN SOUTH HOSPITALITY

The subject under discussion by several Congressmen, sitting in a lobby, was the different brands of hospitality they had experienced while roaming up and down the country.

Nicholas Longworth, of Ohio, told of this experience, years ago, while driving with a friend through one of the southern states:

"One night darkness overtook us while travelling along a lonesome road through a strip of seemingly interminable pine timber. After a couple of hours of slow plodding we saw a light ahead. When we reached the house I yelled like the Comanche Indians used to yell down in John Garner's state. A bewhiskered old fellow opened the front door and asked what we wanted. When I said we wanted to stay all night, he looked us over mighty careful and said:

"Wal, I reckon I kin stand it if you kin."

"We thanked him politely, and went in and found it was only a one-room cabin just swarming with kiddies of all ages. There were six in sight and others within hearing. We were disappointed by seeing only one bed, and wondered if we would have to sit up in chairs all night. We were so dog-tired and sleepy

Local News

Mrs. W. C. Redmon, who left with the body of her husband for burial in the family plot at Optumwa, Iowa, on Sept. 26, stopped on her return journey for a visit with her daughter, Mrs. Harlan, at Higgins, Texas. She is expected home sometime next week.

Few good seats still left for "Come Out of the Kitchen." Come early. Curtain at 8:15. 45-t-1

Mrs. James M. Webster of Alhambra was an Upland visitor last Tuesday.

Lowell Hill and Oliver Kent represented Upland in the Junior College Y. M. C. A. Conference held last week in the Santa Ana Hills. The speakers of the evening were Ralph Cole, Y.M.C.A. Secretary of the state board, and Gale Seaman, International Student Secretary. Six Junior College in Southern California were represented.

Mr. and Mrs. F. B. Harn, who have been spending the past few months in Tulsa, Oklahoma, and other nearby points, are expected to return to Upland within the next few days. Mr. Harn's brother will come with them for a visit.

Best lay of the season, "Come Out of the Kitchen," at Chaffey tonight and tomorrow. Tickets on sale at Mac's or at the door. 45-t-1

Mr. Eisenhower has recently made several alterations in his house on Eighth Avenue, putting in hardwood floors, repainting and redecorating both inside and out, making it very attractive.

Free to every Boy and Girl! Come to The First National Bank and get a "Bob White" whistle free of charge. 45-t-1

Mr. and Mrs. Peter Anderson write to friends here that they are delighted with their new home at Strathmore, but that their twenty acres of land keeps them very busy. They are trying mixed farming and there is always something to be done, but they enjoy the life and climate there very much indeed. Mr. and Mrs. Anderson will be very pleased to see any of their Upland friends who might happen to be in the Strathmore district at any time.

Rev. Lloyd Lorbeer is in Chicago attending to matters connected with his foreign missionary work. Mrs. Lorbeer and children are visiting at the Henry home on San Antonio Heights.

They are going fast, those "Bob White Whistles" free to every boy and girl. Come to the First National Bank and get one. 45-t-1

W. L. Brown, of the firm of Johnson & Brown, does not claim to be an animal trainer, but recently he captured a tarantula which came in to the store in a bunch of bananas, and yesterday he captured a centipede which probably entered the store by the same route as the tarantula. Mr. Brown says it doesn't bother him so much while capturing these animals, but after the ordeal is over he seems to be about all in. If you should meet one of these animals crawling toward you, you will understand what Mr. Brown is talking about.

Mrs. William Plagens spent Wednesday at the County Hospital San Bernardino with her father, who has been there for nearly a year suffering with an infected leg. His 73rd birthday occurs next week, and Mrs. Plagens took several gifts with her. She is hoping that her father may be well enough to spend Christmas with the Plagens family, as there is continued improvement in the sore limb.

Mrs. William Philpotts, former resident of Upland, but now of Los Angeles, spent Wednesday with Mrs. G. T. Stamm and other friends here.

"Bob White Whistles" free to every Boy and Girl. Just a few left at the First National Bank. 45-t-1

Mr. and Mrs. J. D. Mitchell with their two children arrived last week from Deuda Springs, Kansas, to spend the winter here. They are at present guests of their cousins, Mrs. A. A. Breakey, 678 First Avenue, and Mrs. Howard M. Roberts, on West Tenth Street. Mr. Mitchell was in California some time ago, but this is Mrs. Mitchell's first visit to this state.

Mr. and Mrs. W. Kemp, proprietors of the Tenth Street store, have both been on the sick list for several days, but are reported to be better now.

Boys and girls, just a few of the "Bob White" Whistles left. Come to The First National Bank and get one free. 45-t-1

Mr. and Mrs. Harold E. Merchant are the happy parents of a baby girl born last night, October 19th, at the home of Mrs. Merchant's parents, Mr. and Mrs. B. L. Decker, Campus Avenue. The baby weighed 9 1/2 pounds and has been named Doris Eileen. Mr. and Mrs. Merchant live at Colton, where Mr. Merchant teaches at the grammar school.

Be sure and see "Come Out of the Kitchen," by the Community Players at Chaffey tonight and tomorrow. Curtain 8:15 sharp. 45-t-1

Tickets on sale at Chaffey tonight for "Come Out of the Kitchen." Come early for yours. Curtain at 8:15. 45-t-1

Among others from Upland visiting the fair at Pomona yesterday evening were Mr. and Mrs. Harleigh Brown, Mr. and Mrs. Glenn Atwood, Mr. and Mrs. Floyd Atwood, City Marshal J. F. Sawyer.

Don't miss "Come Out of the Kitchen." Full of rollicking fun—at Chaffey. 45-t-1

Mr. and Mrs. W. F. Naftel motored over to the Los Angeles County Fair at Pomona yesterday and had as their guests Mrs. David Wilson, the Misses Wedel, Mrs. Marshall Mills. They speak very highly of the attractions at the fair, and had an interesting time among the exhibits.

Come to the Manse tomorrow—the B. B. Girls will entertain you. 45-t-1

Certificate of fictitious name of business was filed in the office of County Clerk Harry L. Allison yesterday by G. A. Hanson, who operates the G. A. Hanson Fruit Company.

Tamales, Doughnuts and other good Home-made Eats at the Manse, 236 Euclid Avenue, Saturday. 45-t-1

T. Maxwell, who broke his arm some time ago trying to crank his car, is reported to be almost off the sick list, and expects to be able to use his arm shortly.

The B. B. Girls will serve female supper Saturday at Presbyterian Manse. 45-t-1

J. B. Draper, Ontario and Upland's well-known mortician, has returned from a three weeks' visit to several eastern points, where he was called on business.

Mrs. Marshall C. Mills is visiting her parents, Mr. and Mrs. L. R. Bradley, for a few days. The Mills expect to move to Long Beach in the near future to make their home.

Good time afternoon and evening at the Manse tomorrow. 45-t-1

R. R. Wisely, Charles W. Bell and Fred Whitcomb have recently returned from a hunting and fishing trip in the Owens Valley. They motored to Bishop, and on into the high Sierras, where they got some remarkably good fishing, but though they saw a few deer they didn't get any. The trip lasted about ten days, and one and all are enthusiastic over the good time they had.

Ladies: Those New Fall Patterns in Wall Paper are here—Manker & Benson. 44-t-10

Mrs. E. D. Spera, who has been visiting at Jacksonville, Ill., for some time, is expected home next week and will be ready to meet her music pupils after Nov. 1st.

Bank clearings in the three Upland banks for the week ending Oct. 14, 1922, were \$262,881.33. In the Ontario banks for the same date the clearings were \$590,397.61.

If you want good rich Milk at 14¢ per quart, from cows that have passed tubercular test, phone Red Hill Dairy, 81-J. 44-t-1

Mr. and Mrs. L. R. Bradley motored over to the Horse Show last night at the Los Angeles County Fair, near Ganesha Park, Pomona. They report being very pleased with the arrangements of the fair. The grounds are situated near the auto park and are very prettily laid out. There were some splendid specimens of horses at the show, and all the exhibits were well worth a visit.

Barnabas Bryan, who has lived at Camp Baldy for several years, where he has had fruit and vegetable gardens a mile below the camp, has purchased land in Imperial Valley near Calexico, and expects to leave within the next few days to make his home there. Mr. Bryan has lived here some time, and there are many in Upland who have enjoyed his wonderful strawberries and other garden produce grown under the shadow of Old Baldy, and who wish him unlimited success in his new home.

Hemstitching 10¢ a yard. Ladies' and children's specialties. The Elite Shop, 226 Euclid Avenue, Ontario. 43-t-4x

MUST KEEP AWAY FROM WHEEL YEAR

John D. (Jack) Ames, First Avenue, pleaded guilty to a charge of reckless driving when he appeared before Judge George R. Crane Wednesday, as a result of which he was forbidden by the court to drive a motor car for a period of 12 months. Ames, when arrested, was charged with driving while intoxicated and his preliminary hearing on the charge was scheduled to be held yesterday.

District Attorney T. W. Duckworth appeared to prosecute the case, and it was upon his motion that the charge was changed from one of driving while intoxicated to that of reckless driving. In addition to being ordered not to drive a car for a year, Ames was admonished by Judge Crane to refrain from intoxicating drink.

UPLAND MASONS ATTEND LODGE AT AZUSA

Four motorloads of Upland Masons attended a special meeting of Azusa Lodge last night. The work for the evening was conferring the third degree. What drew the Masons from all towns in this district was the fact that the candidate had the degree conferred with his father as W.M., his grandfather as Sr. W., and his uncle as Jr. W., an incident which rarely happens in any lodge, and the house was packed to witness this event. Music was furnished by the Citrus Union High School Orchestra while the banquet was being served. Besides Upland Lodge there were representatives from Ontario, Claremont, Covina, Puente, Glendora and Monrovia. Those attending from here were: Cleo Moser, C. E. Kelley, Clarence Fossett, Morris Reynolds, Earl Hawthorne, W. W. Mathers, L. O. Bowman, David R. Foss, Lyman Clark, S. E. Skidmore, J. F. Robinson, Geo. W. Brown.

9 TONS OF MAIL SENT VOTERS

Nearly nine tons of mail addressed, the 31,095 registered voters in San Bernardino County has been forwarded by County Clerk Harry L. Allison during the past few days preparatory to the November election. The tons of mail includes sample ballots and voluminous copies of the texts of the many bills and amendments on the ballots. It will cost approximately \$1,000 for postage on the sample ballots alone, Mr. Allison said.

Ballot boxes and election supplies for the 164 precincts in the county have not been delivered. This work will begin a few days before election day.

The primaries and final election will cost the county nearly \$42,000.

CHURCH NOTES

ST. MARK'S CHURCH

Euclid Avenue and F Street—Nineteenth Sunday after Trinity—Sunday School, 9:30 a.m.; prayer and sermon, 11 a.m. The Rev. Dr. Larned of Pasadena will hold two meetings in this parish on Thursday, November 16. All members and friends of the church are requested to keep this date free, as the bishops desire all to attend these meetings.

BETHANY UNION CONGREGATION

San Antonio Heights

The Christian Endeavor meets at 9:15 Sunday morning. The book entitled "Better Endeavor" will be studied preceding the regular meeting. A good matinee is assured. All young people are welcome.

At 3 p.m., the Sunday School. Sermon at 4 p.m. by the Rev. Mr. Bland. This is Rev. Bland's first sermon in this church. Come and hear him.

Prayer Meeting Wednesday evening at 7:30.

We are glad to welcome Mrs. Lorbeer and her children, and Miss Ina Henry home after two months spent in Berkeley, Calif.

Rev. Lloyd Lorbeer has gone to Chicago on business relating to his missionary work.

MEMNONITE NOTES

Sunday, October 22, there will be the regular services. Sunday school at 9:30 and there are classes for everybody. Come if you do not attend anywhere else. Come in time to hear the orchestra. We are glad for this service of music and praise.

Prayer service at 10:30. The pastor will take as his text for his sermon 2 Tim. 2:20-21. Theme: "Vessels in the House of God."

Evening meeting begins at 7 o'clock with programs both for the Intermediate and the Senior C. E. Topic: "The Folly of Procrastination." At 7:45 all will unite for the preaching service. Theme: "Lessons From a Postage Stamp." Text, Gal. 6:16-18. Paul was punched, defaced and stamped for the Master's sake.

Meetings and classes during the week as announced in previous notes.

BRETHREN IN CHRIST CHURCH

Bishop Bert Sherck, of Stevensville, Ontario, Canada, will begin a revival meeting in the Brethren in Christ Church, Third Avenue and F Street, next Sunday evening, October 22. Everyone is cordially invited.

PRESBYTERIAN CHURCH

At the Presbyterian Church Sabbath morning the pastor is to speak on "The Hedge Removed," and in the evening on "Remembered of God." Good music at both services. Sabbath School meets at 9:45 a.m. At the Younger Men's Class, started last Sunday, Mr. Isaac Jones is to tell about the amendments to be voted on at the coming election. All who wish to hear this talk are invited to come. The first room north of the main entrance of the church.

Junior C. E. meets at 4 in the afternoon. Intermediate and Senior C. E. meet at 6:30 in the evening. Evening church service at 7:30. The young people's choir will sing at this service. Church meeting Wednesday evening at 7:30. Subject, "The Temperance Warfare." All friends are invited.

CARD OF THANKS

The Becker family wish to express their thanks and appreciation to the many friends who offered their sympathies and services during the illness and death of their dear mother. Also they express their thanks for the many beautiful floral offerings.

The Becker Family.

EASTERN STAR TO HOLD MEETING ON MONDAY

The Eastern Star members will have their regular monthly social meeting next Monday evening in the chapter rooms.

W. S. Avery, of the Upland Hotel, is chairman of the entertainment and refreshment committee, and he promises something good for the folks who are in attendance that night.

Members please note the change of time for starting the meetings. During the fall and winter months the hour will be 7:30 instead of 8 o'clock.

BOY SCOUT AND M-Y NEWS

The regular monthly meeting of the Chaffey Scout Leader Club will be held next Monday night at the Y. M. C. A. Hall on Third Avenue. Dinner will be served at 6:30, by the scouts of Troop 1.

C. W. Randall, superintendent of the Ontario schools, will be the speaker of the evening, and Joe Teuscher will give several whistling solos. The rest of the evening will be devoted to business.

Officers are: James Austin, President; Fred Pochin, Vice-President; Herbert Hall, Secretary and Treasurer.

On the same evening the H-Y Club will have a wienie roast in Cucamonga Canyon, meeting there at 5:30. The H-Y Club of Pomona will be guests of the local fellows, and the Rev. R. C. Stone will be the speaker.

"How long have you been married, old man?"

"Long enough to pity bachelors."

"How long have you?"

"Long enough to envy them."

Silent Auction

DISSOLUTION

SHOE SALE

Owners of P. and S. Shoe Store are positively dissolving partnership. Mr. Porterfield is buying Mr. Stanberry's interest in this shoe store and must raise \$4,000.00 cash during the next ten days. Never in the history of the West End has such a value giving fest been presented to the people of Ontario, Upland and vicinity. This is not a mark down of already inflated prices, or a sale of ordinary cheap shoes, but an honest-to-goodness opportunity to buy shoes at prices which will startle the buying public and cause shoe dealers to gasp in amazement.

Statement by Mr. Porterfield

As the P. and S. Shoe Store dissolves partnership it becomes absolutely essential that I raise a considerable amount of money with which to pay Mr. Stanberry. For the immediate present, the only possible means of raising this money is through a vast stock reducing sale. I will personally say for your benefit that with me it is not a question of profit, but a matter of getting the money and all discretion on my part will be thrown to the winds that I may raise this money in as short a time as possible. I must sacrifice, I know, the values I give will startle, but my need of money is urgent and immediate. Great emergencies are met only by startlingly unusual methods. The most colossal and mammoth value giving shoe sale in the history of this vicinity is being staged for our mutual benefit. I get the money, you get the shoes for a whole lot less than you ever paid before.

T. H. Porterfield.

ONLY 2 SHORT WEEKS

Contest closes
FRIDAY, Nov. 3, 1922

Prizes Awarded Friday, Nov. 3, 1922—6 P. M.

OPEN TO ALL

AN EARLY START MEANS SUCCESS

Instructions

THE OBJECT of this Contest is to increase the circulation of the News and at the same time afford someone an opportunity to profit through their spare time during the next few weeks. Send in the nomination blank. It counts for 100 votes in contest. Anyone can nominate you, or you can nominate yourself. The names of persons nominating you will not be printed. Come in to the office and get a receipt book. Every paid in advance subscription counts for 100 votes in contest. Only 3 months, new subscriptions will be accepted. Renewals or back payments do not count. If a party had the paper stopped at least three days before contest and wants to take it over again for 3 months paid in advance it will count in the contest. Anyone who has been getting the paper free and wants to take a paid three months subscription will count as new. Get started early and get your friends to help you. Once in stay in and don't get discouraged. Some one will win, why not you? See Campaign Manager at once for any information.

OBITUARY

News of the marriage Tuesday night the Mission Inn, Riverside, of Miss C. Peabody, Assistant Secy. of the People's Mutual Building Loan Association of Ontario, Miss Margaret Collins, daughter Mrs. Kate Collins, of Bellevue, came as a great surprise to many friends of the bridegroom.

The ceremony witnessed by a few close friends of the bridegroom, was officiated by the Rev. R. A. Kirchhoffer of the Riverside Episcopal Church, was officiant.

Present at the wedding besides the mothers of the bride and groom were Miss E. Walters of Long Beach; Albert J. of Riverside, and J. Byron Campbell of Ontario.

The bridegroom is a son of Mrs. Clara Gale Peabody, 2212 North Euclid Avenue, and has made his home for many years in Ontario, where he is popular in a wide circle of friends. Mr. and Mrs. Peabody departed shortly after the ceremony on a motor honeymoon.

Dies on Operating Table

Mike G. Irber, Jr., the youngest son of Mike G. Irber, prominent south country rancher, and Mrs. Irber, died suddenly Wednesday on the operating table of a local hospital just after attending surgeons had administered an anesthetic preparatory to performing an operation.

The little boy was one year and 29 days of age. He had been ill for several days.

The funeral will be held tomorrow morning from St. George's Catholic Church, with the Rev. James Morris officiating. Interment will be in Bellevue Cemetery.

Miss Pearson Called
Survived by eleven sisters and brothers, Miss Esther Evelyn Patience Pearson died Wednesday at the home of her mother, Mrs. J. A. Pearson, 1142 East A Street, at the age of 23, after a serious illness of several months.

Sisters surviving Miss Pearson include Mrs. Estelle Murray of Glendale; Mrs. Ruth DeCoven, of Colorado; Mrs. Nellie McNeil, of San Diego; Mrs. J. S. Oliver, Miss Jessie and Miss Mildred Pearson of Ontario. Surviving brothers are William, Edgar and Eugene Pearson of Colorado, and Charles and Bert Pearson of Ontario.

Funeral services were held from Draper's Chapel this afternoon, with the Rev. Dr. Charles F. Seltzer, pastor of the First Methodist Church, officiating. Interment was in Bellevue Cemetery.

Clothing Stolen
Robert Taylor and Joseph Griffin yesterday reported to the Ontario police that their room in an A Street lodging house had been entered and a new overcoat, a suit of clothes, two pairs of trousers and other articles stolen. The door to the room had been left unlocked and the thief had no difficulty in making his haul.

Start Largest Garage
Work on the new garage for Wolfe & Couch, Chevrolet motor car dealers, at the corner of Transit Street and Palm Avenue, was started yesterday. This garage will have a floor space of approximately 80 by 150 feet and will, it is said, be the largest single garage in San Bernardino County.

According to Mr. Wolfe the structure will represent an investment of between \$30,000 and \$40,000. The Campbell Construction Company has the contract for the building.

Chaffey Judging Team

To Leave for Davis

The Chaffey Livestock Judging team, winner of first place at the Southern California Fair at Riverside, October 10, will leave Oct. 24, on the Owl, for Davis where they will meet the teams of the north for the State Championship.

The team is composed of William Beard, John McLaughlin and Wm. Armstrong. Clotie Bigley will go as an alternate and Mr. Perrin as coach.

The other two teams placed 2nd and 3rd at Riverside will also go north. They are from Antelope Valley and Van Nuys High schools.

The teams from the north who will compete against the three teams from the south are Esparta, Santa Cruz and Salinas High Schools.

The northern teams have the advantage of the southern teams of having won at Sacramento three weeks ago, thus giving them about two weeks more practice than the southern teams.

The team winning first place at the state meet at Davis will go to Portland, Oregon to represent California at the Pacific International Livestock Show.

1923 SUPERIOR LINE CHEVROLET

THE 1923 SUPERIOR LINE CHEVROLET puts its teeth to the storm and goes right
through and is at all times in all kinds of weather The Worlds Lowest Priced Fully
Equipped Automobile.

THE SUPERIOR SEDAN, like our pre-
ceding Sedan, is the outstanding world
leader in the all-year type of family car.
Chevrolet has led the automobile world in the
pronounced shift to closed cars and our five
passenger Sedan has been the chief reason.
At no time during 1923 after the first general
distribution of the Sedan, were we able to
keep pace with our orders. With this
SUPERIOR model, improved in design, con-
struction and added equipment, an even greater
demand is anticipated that will maintain our
position of leadership in the production of
Closed cars with Fisher bodies.

LOOK OUT FOR THESE FIVE CENT PIECES

New five cent pieces of altered design are said to be in circulation in San Bernardino. One received at the postoffice gave the federal authorities their first information of the new nickels which have not been distributed through the customary official channels.

The general background on both obverse and reverse is the same as that of the present buffalo nickel but in place of the dignified Indian chief there appears the likeness of a Hebrew of vaudeville appearance, crowned with a flat derby hat pulled way down over his ears.

The bluen or American buffalo has undergone a corresponding transformation and appears minus his humped back and shaggy mane. He has acquired the long ears of the animal often used to designate a major political party.

The effect of the transformation is ludicrous. It is a federal offense to deface United States coins, and while the "designer" of the "Democratic" or "Hebrew" nickel doubtlessly acted purely in a spirit of jest, his act may have serious consequences.

How many nickels have been so altered is not known but there were rumors on the street of several yesterday afternoon. And as far as is known, all the owners were carrying them for the sake of novelty but as they are hard to distinguish from the original issue, authorities feared others might be accidentally placed in circulation.

Alteration has been pronounced the work of a skilled engraver. The former figures have been entirely merged into the engraver's creations with such completeness that hardly a trace of the Indian, or

AMERICANS DO NOT APPRECIATE MEXICANS

That the Mexicans live on a higher aesthetic plane than the Americans and that the sons and daughters of this land do not appreciate the true worth of the Mexicans, is the opinion of a large group of educators in Southern California, who are devoting their time to work among the Spanish-speaking people of this region.

Twenty-seven Southern California cities sent representatives to a recent conference of teachers of Mexican children which was held at Pomona College, and there was evidenced an enthusiastic spirit of optimism by these people who come into intimate daily contact with adults as well as children of this Latin race.

"If you believe that the foreign population cannot be educated to be responsible citizens," said Mrs. Nora Sterry, Principal of the Macy Street School in Los Angeles, "you might just as well give up the idea of having a democratic form of government, for in order to teach them

effectively, we must believe in them and their possibilities." America must not fail to utilize in its social and economic life the valuable qualities which characterize the culture and artistic instincts of the Mexicans, adjusting our methods of instruction to their needs and possibilities.

A masterful study of "Racial Differences in Mental Capacity" was presented by Dean Marvin L. Darsie of the University of California, Southern Branch, who based his conclusions on many scientific examinations and tests. Dean Darsie does not feel that mental tests give sufficient data for us to draw as definite conclusions as some educators claim, although he expressed the opinion that they can serve for separating pupils into more or less homogeneous groups for instruction.

Speaking out of her state-wide experience among the Mexicans in railroad and fruit pickers' camps, as well as in schools, Miss Ethel Richardson, who is the State Assistant Superintendent in charge of Americanization work, voiced the belief that the Mexicans have a native genius which we should attempt to discover and that this genius, if properly assimilated by us, could give to our national life something well worth while.

The conference decided to organize itself for further work and elected Mrs. Grace C. Stanley, of Chaffey Union High School and Pomona College, to be its first president. Mr. Charles E. Stickley, of San Dimas, was chosen to be secretary, and Mrs. May H. Derwin, of Pomona, is treasurer.

ONTARIO

NEARING MILLION MARK

Inance yesterday of five permits by the city building department representing an expenditure of \$31,250, gave the October building total another decided boost and making it \$105,770 for the month to date. This makes the total for the year to date \$887,715 and virtually assures that the million mark will have been well passed before January 1.

The most important permit issued yesterday was that to Wolfe & Couch, Chevrolet motor car dealers, for their new garage at Transit street and Palm avenue. The permit calls for an expenditure of \$26,000 and the Campbell Construction Company has the contract.

In addition to this permits were issued for two \$4000 dwellings, one dwelling for \$2400 and one for \$850.

NEW CHURCH PLANNED

That Ontario is shortly to have another substantial and attractive church edifice was the announcement today following an enthusiastic meeting at the Knights of Columbus Hall, D street and Palm avenue, at which ways and means for the erection of a new house of worship for St. George's Catholic Church were given serious consideration.

While no specified amount to be raised for the new edifice has been announced, it is known that a number of generous subscriptions have already been pledged and it is hoped that actual construction work on the new church will be started within 60 days.

For the past year, or more the members

of St. George's parish have used the chapel of the parish school as their house of worship, but the recent rapid growth of the society has rendered this entirely inadequate to its needs.

The meeting at K. of C. Hall was called to order by the rector, the Rev. James Morris, and after considerable discussion, it was voted to appoint an advisory committee to work with Father Morris and Father Matthews.

Nominated and appointed were F. A. Lucas, chairman; T. Edward Diener, Cucamonga; Patrick Farrell, W. D. Gillett, Oscar Arnold and W. R. Lindley, Ontario.

LURED BY MOVIES

Fired, it is believed, by a desire to scintillate on the silver screen and thought to have headed toward Hollywood in the hope of getting into moving picture work, Lou Dell Stephens and Orella Mottensen, two pretty Ontario girls, were today being sought by the officers of this city and Southern California as runaways from home, following the issuance of complaints by their parents.

Both girls are in their early teens and a long-cherished desire on the part of Miss Stephens to shine on the screen is said to have been fanned into flame when she recently appeared to excellent advantage in a "close-up" carrying the banner of the South Euclid avenue school in a new weekly film of a physical education demonstration participated in by more than 1500 Ontario school children.

Lou Dell is described as a girl of rare beauty with a wealth of blonde bobbed hair and she and Miss Mottensen, who is also blonde and pretty, have in recent months been employed evenings as ushers in a local moving picture theatre, where their desires to appear on the screen themselves, were constantly stimulated.

According to Mrs. Mabel Stephens, mother of Lou Dell, who resides at 535 West Park street, her daughter recently developed a hateful aversion for high school, threatened to quit and informed her parent that if the school authorities were informed that she had "ditched," she would run away. She left for school Tuesday morning and has not been seen since.

Today, it developed further that Orella, who is the daughter of Mr. and Mrs. Fred Mottensen, had also disappeared and the authorities were appealed to in an effort to locate the runaways. Both mothers are much worried for the safety of their daughters.

TWO HOUSES LOOTED

For coins, jewelry and cash made up the principal loot of burglars who Wednesday night entered the residences of Wm. R. Armstrong, 608 South Campus avenue, and G. A. Pettenger, 622 North Sultana avenue.

Entrance to the Armstrong home was gained by prying a screen and breaking a window catch. Articles taken included a Coney fur coat, three sets of cuff links, two watches, several strings of beads and \$8.00 in cash.

At the Pettenger home entrance was gained by forcing a window screen and the loot included a ruby stickpin, pearl studs, pearl beads and an overcoat.
